

Apex Boards

The Apex boards are made out of solid American white oak and finished with a matte food grade oil. They come in three sizes; small, medium, and large. The design features a taper to the underside of all the edges as well as a soft taper at the top of the board - this Apex profile is what gives the boards their name.

ASSEMBLY

Assembly not required

WEIGHT

	Small	Medium	Large
Packaged	1.7kg	1.75kg	1.7kg
Assembled	1.45kg	1.55kg	1.45kg

CARE/CLEANING INSTRUCTIONS

Hand wash only. Do not soak as wood is porous and will soak up water which may cause cracks when it dries. For ongoing maintenance; food grade oil can be rubbed into the surface with a clean cloth to prevent the wood from drying out.
