

# Radial Extendable Table

The Radial Extendable Table is the newest addition of the Radial table range, specifically designed for use in smaller spaces and apartments. It features crown cut American White Oak veneer paired with a solid oak frame and legs, with the 40cm wide extension leaf able to be stored in the underside of the table.

**Designed in New Zealand by Città**

---

**ASSEMBLY**

Assembly required

---

**WEIGHT**

Packaged 44.4kg  
Assembled 39.6kg

---

**CARE/CLEANING INSTRUCTIONS**

Clean with a soft damp cloth and water only. Do not use chemical cleaners on any surfaces. Avoid leaving water sitting on the wood as this can cause small spots and permanent marks - wipe immediately with a dry cloth. Wipe the lacquered surface using straight strokes not in a circular direction. After wiping the area use a dry cloth to remove any moisture left on the surface. General care: We do not recommend placing your furniture in direct sunlight or near sources of heat. This is due to the natural characteristics of wood as it expands and contracts with changes in humidity. Placing your furniture in these environments may cause the timber to dry out; shrink and crack. Do not place hot or sharp objects on the surface of the wood as this can cause irreparable damage. Also avoid using any harsh solvents such as nail polish remover/alcohol at all times.
