## ASSEMBLY

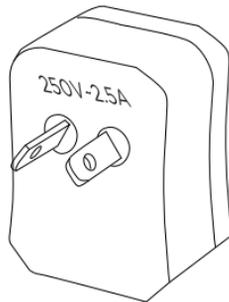

You will find everything you need to assemble your lamp included in the box.

2 x 100612  
Hex Key

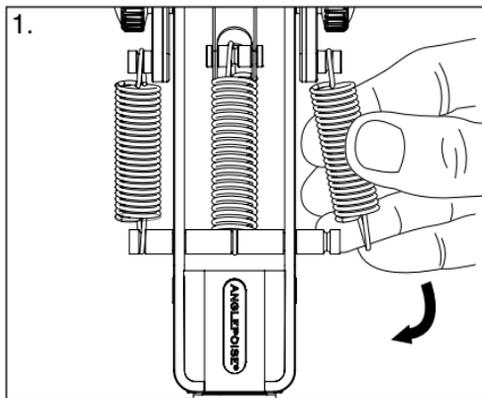

2 x 100797  
Side Spring

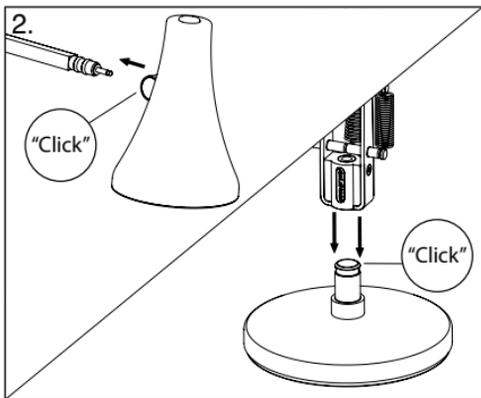

1x Plug Adaptor

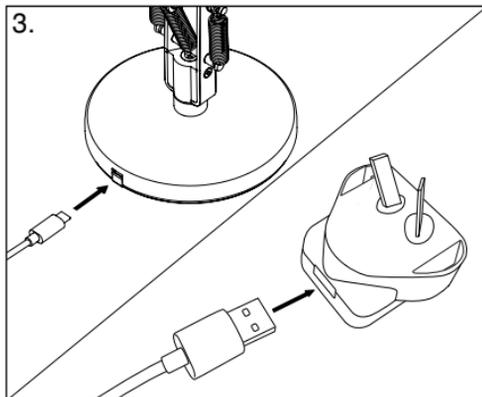

1 x 101280  
USB to Micro  
USB Cable

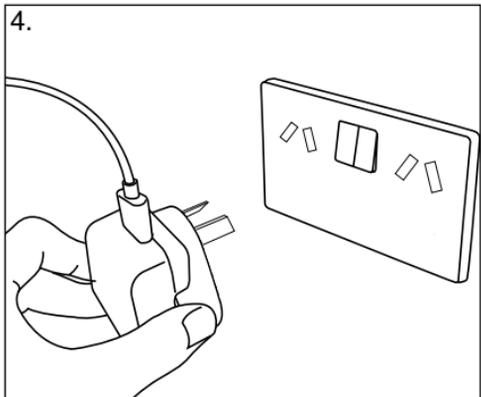

Attach two outer springs to the lamp, stretching slightly as necessary.

With base on flat surface, attach arm and shade to connectors. Press down to engage.

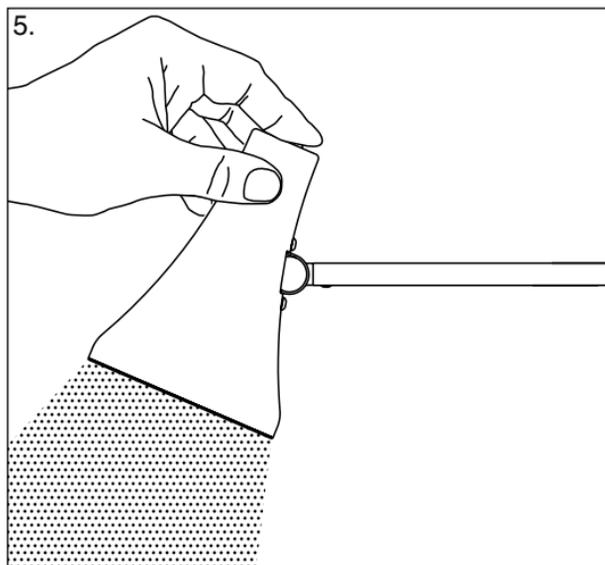

Connect one end of cable to USB port on lamp base, the other to plug adaptor.

Plug adaptor into a suitable power socket.

# LAMP OPERATION

## SWITCH ON/OFF

Press switch at the top of the shade to turn on/off.

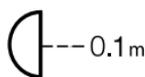

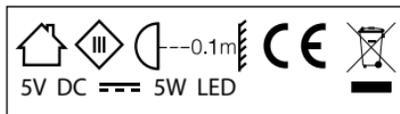

## DIMMING

To dim the light source, press and hold the button at the top of the shade. Release when desired light level is reached.

## TECHNICAL SPECIFICATION

Rated Voltage: 5V DC

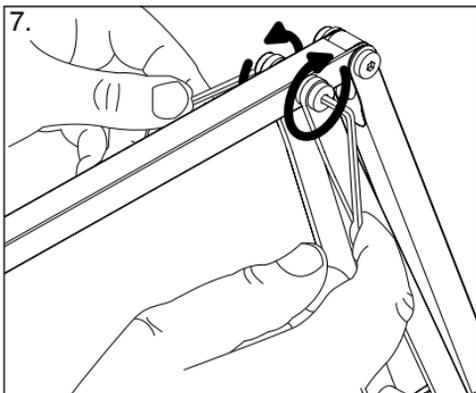

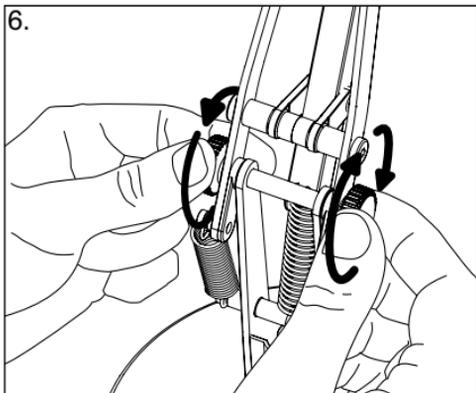

**Please Note: This product should ONLY be used in a dry, indoor environment.**

Symbol defines minimum safe operating distance from nearest object.

## ADJUSTMENT & MAINTENANCE

Your Anglepoise® lamp is a finely balanced product. To adjust the balance, place the lamp on a level surface and carefully tighten the thumbwheels until the shade and arms support themselves in multiple positions. If further adjustment is required, use the hex keys to tighten the centre joint. To avoid damage caused by excessive force, we ask that you treat your lamp with due care.

Prior to cleaning or maintenance, always switch off and disconnect the lamp from the electricity supply and allow the shade to cool. Clean with a soft, dry cloth avoiding using chemical based cleaners.

Please Note: This luminaire contains built-in LED lamps, the lamps cannot be changed in the luminaire.

Repairs and the replacement of damaged cables or electrical parts should only be carried out by a qualified electrician, an authorised distributor or by Anglepoise Ltd.

## **SAFETY INSTRUCTIONS**

IMPORTANT: TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK OR INJURY TO PERSONS.

- Indoor use only.
- Do not look directly at the illuminated LED.
- Keep lamp away from materials that may be flammable.
