

Edit Collection

The Edit Sofa features supreme comfort with a luxurious seat-depth and super-soft upholstery.

Continuous seam details are also a key feature of the design. The seam detail wraps around the arm and back panels. This detail is continued through to the bolster and back cushions, giving the sofa a sophisticated aesthetic to suit a multitude of interiors.

The Edit collection includes two-seater, 2.5-seater, and three-seater sofas, as well as a roomy armchair.

Assembly not required

CARE/CLEANING INSTRUCTIONS

Regularly plump and turn any feather filled cushions to ensure that they retain their shape, with any fixed components smooth over the fabric with your hands and pull back into the correct shape and alignment. Remove any small marks by spot cleaning with a clean damp cloth or paper towel, if further care is needed please refer to the cleaning requirements of your specific fabric. We do not recommend using any fabric protector treatments, but if you do please ensure its water based. Pilling may occur occasionally as a result of normal daily wear and should not be considered as a fault. Fibre pills can be removed by a battery operated pilling tool available from most haberdashery stores. Vacuum on low suction using a soft upholstery attachment and avoid direct sunlight.
