# radial bar leaner

The Radial Bar Leaner features softly rounded edges, creating a timeless aesthetic that sits comfortably within both home and commercial environments. The design is made to order in New Zealand with four standard sizes in the range. Made with solid American white oak and finished with a clear matte lacquer. The bar leaner comes fully assembled. Designed in our New Zealand studio by David Moreland and Nikolai Sorensen. Made to order in New Zealand.

## MATERIAL

American Oak

## CODE

OFL0003 (small)

## DIMENSIONS

Assembled 210 x 100 x 95cmh (small)  
210 x 80 x 95cmh (small narrow)  
240 x 100 x 95cmh (large)  
240 x 80 x 95cmh (large narrow)

## ASSEMBLY REQUIRED

No

240 | 210cm

80 | 100cm

95cm

## CARE INSTRUCTIONS

Clean with a soft damp cloth and water only. Do not use chemical cleaners on any surfaces. Avoid leaving water sitting on the wood as this can cause small spots and permanent marks - wipe immediately with a dry cloth. Wipe the lacquered surface using straight strokes not in a circular direction. After wiping the area use a dry cloth to remove any moisture left on the surface. General care: We do not recommend placing your furniture in direct sunlight or near sources of heat. This is due to the natural characteristics of wood as it expands and contracts with changes in humidity. Placing your furniture in these environments may cause the timber to dry out; shrink and crack. Do not place hot or sharp objects on the surface of the wood as this can cause irreparable damage. Also avoid using any harsh solvents such as nail polish remover/alcohol at all times.
