

CITTÀ

dusk bed

product information document

The Dusk bed features a soft yet refined design. The soft, upholstered ends are connected with a flexi-slat metal frame with American white oak side panels.

Designed in our New Zealand studio by David Moreland and Nikolai Sorensen. Made locally in your choice of fabric. Fabric swatches can be viewed in the 'fabric specification' document.

dusk bed

material

MDF / Pine / Foam / Mild Steel / Flexi Slats / Head Bolts

5.7 m queen | 6.3 m king | 6.8 m super king
- Refer to the fabric swatch spec sheet
for custom fabric options. Except Velvet and Cord

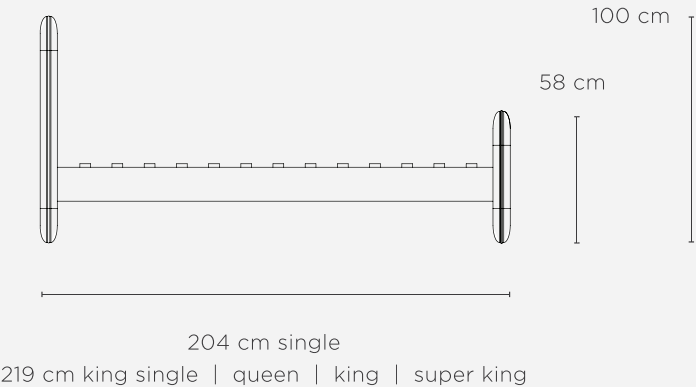

assembly instructions

Assembly required.

care instructions

Remove any small marks by spot cleaning with a clean damp cloth or paper towel, if further care is needed please refer to the cleaning requirements of your specific fabric. We do not recommend using any fabric protector treatments, but if you do please ensure its water based. Pilling may occur occasionally as a result of normal daily wear and should not be considered as a fault. Fibre pills can be removed by a battery operated pilling tool available from most haberdashery stores. Vacuum on low suction using a soft upholstery attachment and avoid direct sunlight.
