CITTÀ

compound tallboy

All elements of the Compound Tallboy work together in harmony to provide an elegant storage solution with two generously sized drawers. Narrow shut-lines and push-to-open mechanisms give the bedside cabinet a minimal, elegant aesthetic. The legs are made with solid American white oak. The body, doors and drawers are made with a combination of veneer and solid-edged board. Hettich drawer-runners allow you to access items with ease. Designed in our New Zealand studio by David Moreland and Nikolai Sorensen.

Assembly Required

CARE INSTRUCTIONS

Clean with a soft damp cloth and water only. Do not use chemical cleaners on any surfaces. Avoid leaving water sitting on the wood as this can cause small spots and permanent marks - wipe immediately with a dry cloth.
