## trace dining chair

---

### product information document

The Trace Dining Chair is the result of an exciting collaboration between Hawke's Bay-based industrial designer Scott Fitzsimons and Città's Furniture Design team, David Moreland and Nikolai Sorensen.

The inspiration behind this unique piece originated from a simple line drawing in space. Straight lines have been replaced with gentle curves giving the chair a softer hand-drawn feel. An exercise in reduction, the Trace Chair is a minimal yet comfortable chair with an elegant and understated character.
