aiko sofa

Comfort and style come together in practical design, boasting clean lines and a robust silhouette. The unique sled legs give the sofa a slight lift and add balance while keeping its form firmly grounded. This modular range is generously proportioned to accommodate maximum comfort and can be configured to suit the needs of any living space. Designed in our Auckland studio by David Moreland and made locally by a manufacturer with 25 years of experience making both commercial and residential furniture; quality craftsmanship and detail come together in this modern, fully modular package.

Constructed with a solid pine wood frame and featuring fixed seat and back cushions and a super soft quilted inner. Fully customisable in a wide range of fabrics, including luxurious velvet in seasonal colours.

CARE/CLEANING INSTRUCTIONS

Regularly plump and turn any feather filled cushions to ensure that they retain their shape, with any fixed components smooth over the fabric with your hands and pull back into the correct shape and alignment. Remove any small marks by spot cleaning with a clean damp cloth or paper towel, if further care is needed please refer to the cleaning requirements of your specific fabric. We do not recommend using any fabric protector treatments, but if you do please ensure its water based. Pilling may occur occasionally as a result of normal daily wear and should not be considered as a fault. Fibre pills can be removed by a battery operated pilling tool available from most haberdashery stores. Vacuum on low suction using a soft upholstery attachment and avoid direct sunlight.

Please consult the care label attached to your furniture for general cleaning information. Refer Care code #3 www.warwick.com.
