radial extendable table

product information document

The Extendable Radial Table in natural oak is perfect for compact spaces and apartment living with its softly rounded edges and timeless aesthetic. Its adaptable table top can be extended from 1500-1900mm to cater for any surprise guests. Designed in New Zealand by our 3D design team, David Moreland and Nikolai Sorensen.

dimensions packaged: 155.5 x 85.5 x 14.5 cm (h)

dimensions assembled: 150(190) x 80 x 73 cm (h)

weight packaged: 44.4 kg

weight assembled: 39.6 kg

assembly required

care instructions

Clean with a soft damp cloth and water only. Do not use chemical cleaners on any surfaces. Avoid leaving water sitting on the wood as this can cause small spots and permanent marks - wipe immediately with a dry cloth. Wipe the lacquered surface using straight strokes not in a circular direction. After wiping the area use a dry cloth to remove any moisture left on the surface.

We do not recommend placing your furniture in direct sunlight or near sources of heat. This is due to the natural characteristics of wood as it expands and contracts with changes in humidity. Placing your furniture in these environments may cause the timber to dry out; shrink and crack.

Do not place hot or sharp objects on the surface of the wood as this can cause irreparable damage. Also avoid using any harsh solvents such as nail polish remover/alcohol at all times.
