Tatamu Table

| | | | | |
|---|---|--|---|---|
| Rail Bracket x 1 | Rail Bracket 2 x 1 | Leg Bracket x 4 | Down Bolts x 22 | Up Bolts x 14 |
|  |  |  |  |  |
| Legs x 4 | Rail x 1 | Top x 1 | | |
|  |  |  | | |

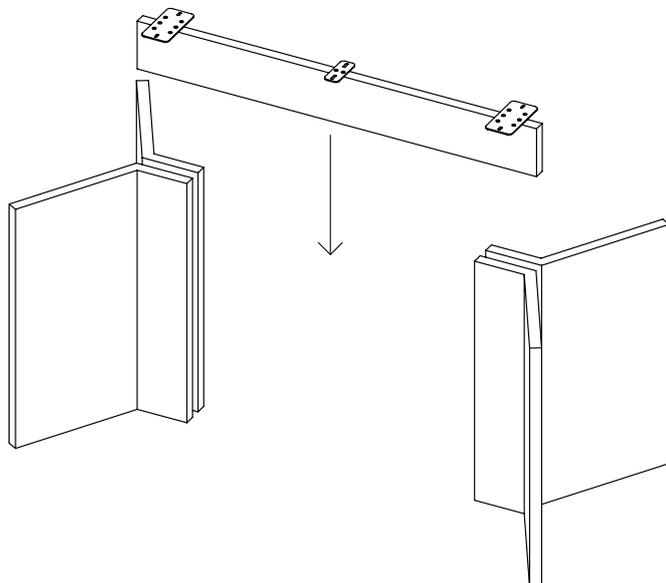

Step 1

Using the countersunk down bolts and hex key provided, fix the rail brackets to the rail.

Step 2

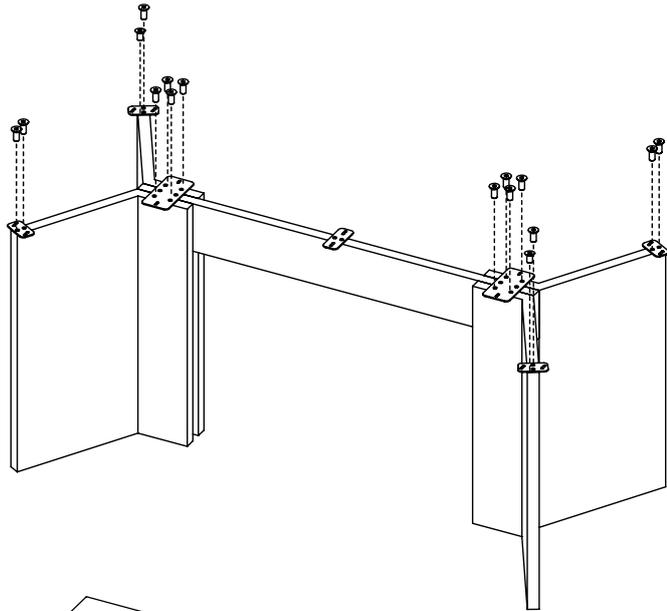

Stand the legs in place and slot the rail into the four legs.

Step 3

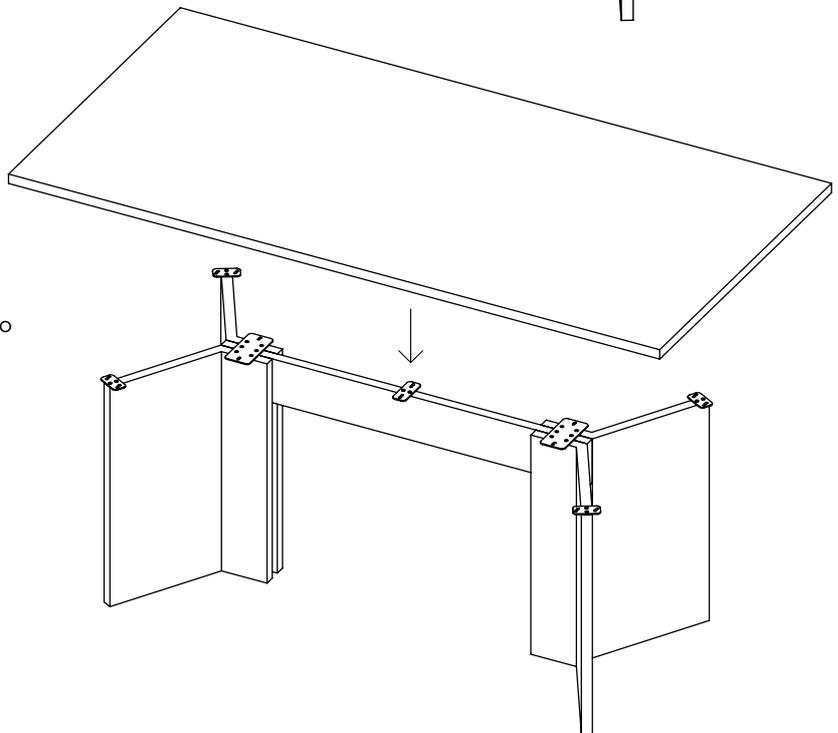

Fix the leg brackets in place with the remaining down bolts.

Note: There are separate left and right leg brackets. The slotted bolt holes must be oriented perpendicular to the centre rail of the table.

Step 4

Locate the table top onto the frame. Making sure that the brackets are slotted into the recessed notches on the table top.

Step 5

Secure the table top onto the frame using the up bolts, washer and spring washers.
