point modular floor lamp

—

product information document

The Point Modular Floor Lamp is the result of a collaboration between product designer Alex Buckman and Città's 3D design team, David Moreland and Nikolai Sorensen.

The unique lamp makes a statement with its spherical hand-blown glass shade and pared-back aesthetic. The lamp emits an ambient light from the amber or smoke grey shade. The steel column has an integrated switch at the top allowing you to dim the light.

specifications

- Integrated 2 W 2700k LED Lightsource

- Lumen rating: 45 LM

- Cable Length: 150cm

- Plug: Yayao LED Driver, Model #YM12WO350PEU

- In Line Switch: Yayao Constant Current Dimmer, Model #YM24VRD350A

- On/Off floor switch attached from base

- 3 year warrenty

- LED has a 50,000 hour expected lifespan

- Not IP rated for bathroom or wet area use

- When assembling the light, please ensure if is not plugged in or turned on

- To connect the pole to the base, rotate the thread clockwise until the pole sits flush with the base

- Place the glass shade on the collar, then wind on the threaded top cap until it is flush with the glass

- There might be a small amount of movement in the glass once complete. This is intentional for movement if bumped
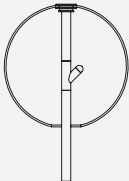

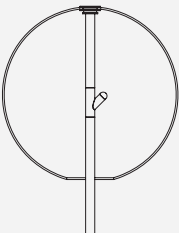

care instructions

Carefully clean with a warm damp cloth.
