Product Information Document

Embrace the beauty of simplicity with the 365 dining table. Constructed from solid oak, the design features a clean profile with carefully balanced proportions.

The name “365” reflects its everyday practicality—intended for use throughout all 365 days of the year. The legs are positioned at the outermost corners to maximise seating space and legroom. This versatile, considered design creates a refined piece that enhances both residential and commercial spaces.

Designed in our New Zealand studio by David Moreland and Nikolai Sorensen.
