L Dining Table

Product Information Document

The strong lines of the L Dining Table are juxtaposed with the warmth of natural oak. The top wraps tightly over both ends of the base, creating the table's signature L-shape silhouette.

The negative detail that runs the length of the table finely separates the top from the base. Made with solid American white oak and finished with a clear matte lacquer. The smoke oak version is stained before coating. There are six standard sizes in the range with custom options also available. Part of the David Moreland Design collection. Made to order in New Zealand.
