## Radial Bar Leaner

---

### Product Information Document

The Radial Bar Leaner features softly rounded edges, creating a timeless aesthetic that sits comfortably within both home and commercial environments. The design is made to order in New Zealand with four standard sizes in the range. Made with solid American white oak and finished with a clear matte lacquer. The bar leaner comes fully assembled.

Designed in our New Zealand studio by David Moreland. Made to order in New Zealand.

## Care Instructions

Wipe clean using a warm damp cloth. Avoid leaving water sitting on the surface as this can damage the product. Avoid the use of scouring pads; scouring cream or cleaning products containing alcohol as they may cause damage. Avoid placing furniture next to a source of direct heat or in direct sunlight, these conditions can cause excessive dryness and potentially create cracks to components as well as irreversible changes to the colour of the timber.
