

# CITTÀ

## Switch Side Table

---

The Switch Side Table brings a compact, open storage solution to bedrooms and living spaces. Measuring 40cm wide, it's ideal for smaller bedrooms and apartment living.

The design features intersecting planar panels set at subtly offset depths. Two vertical panels form a slender structure, while horizontal surfaces provide storage and create a light, open aesthetic. Semi-scalloped edges soften the form and add subtle elegance.

Made with FSC®-certified oak veneer and finished with a matte lacquer. Designed in our New Zealand studio by Nikolai Sorensen.

## Care Instructions

Wipe clean using a warm damp cloth. Avoid leaving water sitting on the surface as this can damage the product. Avoid the use of scouring pads; scouring cream or cleaning products containing alcohol as they may cause damage. Avoid placing furniture next to a source of direct heat or in direct sunlight, these conditions can cause excessive dryness and potentially create cracks to components as well as irreversible changes to the colour of the timber.
