

Elevation Dining Table

The Elevation Dining Table combines durable materials with soft lines. The contemporary aesthetic allows the table to integrate into a magnitude of residential and commercial spaces. The compact, streamlined design makes it perfectly suited to small spaces and apartment living.

The extensive Elevation table range comes in three sizes (coffee, dining and side table). Available in either a white or black matte powder-coat finish. The tables are also available with an American oak plywood top, creating a subtle two-tone play between materials and texture.
