Bough Dining Chair

Product Information Document

The Bough dining chair is a celebration of considered design details. The curved T-shape back provides a distinctive modern silhouette and delicately connects to the elegant tapered legs. The design takes cues from organic forms in nature. The name 'Bough' references 'main tree branch', which is masterfully celebrated in the chair's form and composition.

The design considers residential and commercial spaces with the ability to be stacked up to five chairs high. BIFMA-tested for durability and crafted with FSC-certified timber.

Designed in our New Zealand studio by David Moreland and Nikolai Sorensen.

Bough Dining Chair

Material

Solid oak, Plywood, Oak veneer

Colour

Oak

TSF0197FSC
